SUMMARY

Highly organized and detail-oriented Full-Stack Developer with 6 years of experience building scalable web applications and manging end-to-end development processes. And I am a flexible Full-Stack Developer with expertise in Front-end development with famous web framworks such as React, Next.js, Vue, Node.js, on the other hand, in Back-end architecture with strong database skills and pouplar platforms such as MySQL, MongoDB. I specialize in building user-friendly frontends, scalable backends using tools like GraphQL. My ability to deliver high-quality projects on time is rooted in strong time-management and problem-solving skills. I thrive in both collaborative and independent settings, ensuring seamless execution of complex projects.

EXPERIENCE

Full-Stack Developer

Freelancer | May 2023 – Nov 2024

- Developed and maintained complex web applications using React, Node.js, and MongoDB, enhancing platform performance by 8%.
- Integrated cloud-based solutions and CI/CD pipelines, reducing deployment times by 13%.
- Mentored junior developers and led a team of 8 engineers to complete projects on schedule with a 97% client satisfaction rate.
- Spearheaded the implementation of cybersecurity measures, safeguarding client data from potential threats.

Web Applications Developer

Freelancer | Jan 2021 – Apr 2023

- Built dynamic, user-friendly web applications using Vue.js, Python (Django), increasing user retention by 8%.
- Designed and implemented RESTful APIs to integrate third-party services and enhance functionality.
- Conducted usability testing and optimized UI/UX design for enterprise applications.
- Supported and maintained legacy systems while transitioning clients to modern tech stacks.

Full-Stack Developer

Ukrposhta | Kyiv| Mar 2019 – Dec 2020

- Created end-to-end solutions using Apollo and React, improving system scalability and performance.
- Designed and implemented efficient data models to manage large-scale datasets.
- Participated in code reviews and contributed to the standardization of coding practices.
- Collaborated with DevOps teams to deploy applications in AWS environments, achieving 99.9% uptime.

EDUCATION

Bachelor's Degree in Computer Science

Taras Shevchenko National University, Kyiv | 2019

SKILLS

Programming Language: C++, JavaScript, TypeScript

Frontend: React, Next.js, React Native, Vue, Nuxt, Tailwind CSS, Material UI, Sass, Bootstrap, JQuery

Backend: Express, Node.js

Database: MySQL, MongoDB
